## Be Kind To Animals!

### Things You Can Do To Make Your Pets Happy

- Give them fresh water every day.
- Give them lots of yummy food—make sure it's not people food!
- Give them lots of hugs and pats and belly rubs.
- Tell them you love them.
- Let them sleep inside with you.
- Play with them and have fun!

### Lend A Paw

Want to be kind to animals but aren't allowed to have a pet at home? Consider volunteering at a local animal shelter! They need people to walk the dogs waiting for a home so that they get enough exercise, and people to hug and pet them to keep them feeling loved. Ask a parent to help you find out more.

### Is your family thinking about adding a pet?

Pets can do lots of good things for people—they can help cheer you up when you are sad, they can play with you when you are bored, and they can help keep you safe when you are scared.

### Where can you get a pet?

There are lots of places to get a pet! You can go to the shelter, you can get it from a good breeder, or you can get it from a rescue group. Don't buy from pet stores! The parents of animals at pet stores don't get treated well.
